Pollinators, including bees, butterflies, birds, and bats, are an important part of our ecosystem and food supply chain. Plants, like fruits and vegetables, need bees and other pollinators to help them grow.

Find out how EPA is protecting pollinators: <https://www.epa.gov/pollinator-protection>

Update: R9 Water Division Director Tomas Torres and Acting Assistant Water Division Director Jason Brush are scheduled to meet with Stu Townsley of the Corps' South Pacific Division (SPD) on Friday to find out what transpired in the meeting that SPD recently had with Hudbay. Apparently, Hudbay representative Patrick Cunningham contacted our RA and characterized Hudbay's meeting with SPD as having resulted in reopening the record at Hudbay's request. The Region wants to hear directly from the Corps' what the Corps' perspective is on the situation.

Kathy/Connell,

CEQ is asking if there is any recent news regarding USACE's decision regarding the 404 permit for Rosemont Mine? Has R9 had any recent contact with the Corps regarding the issue. Need any insight by COB today.

Thanks -- Kelly
